

pet safe

Generally, we humans don't eat things that we're unsure of, but our pets can be awfully curious and may not proceed with caution. Here are plants that are fine for our furry friends to sample.

BRIGHT LIGHT:

Ponytail Palm
Money Tree
Olive Tree
Phalaenopsis Orchid

BRIGHT, INDIRECT LIGHT:

Holiday Cactus
Hoya
Lipstick Plant
Peperomia (several varieties)
Norfolk Island Pine
African Violet
Succulents (several varieties)

Zebra Plant
Goldfish Plant
Prayer Plant (maranta)
Orchid Cactus
Stromanthe
Air Plants (tillandsia)

MEDIUM LIGHT:

Spider Plant
Bromeliads and Cryptanthus
Ferns (several varieties)
Majesty Palm
Polka Dot Plant (hypoestes)
Bamboo Palm

Jewel Orchid
Aralia

LOW LIGHT:

Cast Iron Plant
Calathea
Ferns (several varieties)

NOTE:

Plants may fit into more than one light category.
