about

Take a journey through a year in the greenhouse with these adorable coloring pages! Each page depicts a theme to highlight the greenhouse or themed activity of that particular month. Themes were chosen as a collaborative effort between the greenhouse social media team and Megan, the illustrator to capture the daily magic of life in the greenhouse and a life filled with plants!

Megan Tegeder

 [megantegeder](#)

Megan is a freelance illustrator and also a part-time customer service representative at Tonkadale. She started working at Tonkadale in the spring of 2020, and is inspired daily by the plants and products she gets to work with.
