INDOOR PLANT ROUTINES:

Rotate plants weekly for even light exposure as daylight shortens.

DAYLIGHT SAVINGS ENDS

SEASONAL DECOR:

Stop in for Spruce Top Pots!

Add seasonal plants to your indoor collection - lemon cypress, norfolk island pine, cyclamen, holiday cactus, and poinsettias.

Start amaryllis (6-8 wks to bloom) and paperwhites (4-6 weeks to bloom) now for holiday blooms.

FORGET-ME-NOT DAY

Install grow lights to extend daylight for plants.

Increase humidity with pebble trays or humidifiers to combat dry indoor air.

Stop by the bow wall and pick your favorite.

Deck the halls with garland, wreaths, holiday decor, and more!

Adjust watering schedules for slower growth, letting soil dry out more between waterings.

REFLECTION & GRATITUDE:

Pick up small potted plants, succulents, or terrariums as thoughtful gifts.

THANKSGIVING (CLOSED)

GREEN FRIDAY

SMALL BUSINESS SATURDAY

Reflect on which plants thrived in the garden, and note ideas for next season's garden planning.

Start a wishlist of gifts for you, plant-loving friends and family.
