

create a full sun perennial

CUT FLOWER GARDEN

Anchor your garden with medium sized shrubs that have both foliage (smokebush) and flower interest (hydrangea).

Include fragrant flowers, like lilies, and vary flower shapes and sizes.

Always plant for pollinators too!

Choose perennials with multiple heights to create depth and interest.

Plant in large groups to maximize flower production.

Add plants with interesting foliage (coral bells).

..... recommended plants shown:

- | | | | | |
|----------------------|--------------|---------------|----------------|------------|
| 1. Panicle Hydrangea | 2. Smokebush | 3. Coneflower | 4. Lilies | 5. Monarda |
| 6. Yarrow | 7. Scabiosa | 8. Coreopsis | 9. Coral bells | |
